

Important information regarding: USA visa issuing delay

Issued: 19 June 2015

This advice applies to customers who may be affected by the current system issues being experienced by the United States Department of State's Bureau of Consular Affairs in relation to the issuing of Visas.

Note: It is understood that customers with Australian or New Zealand Passports under the Visa Waiver Program with the USA and who require an authorisation through the Electronic System for Travel Authorisation (or an ESTA) are **NOT** affected by the system issues arising. Background

The following information has been taken from the www.ustraveldocs.com/au/ website:

The Department of State's Bureau of Consular Affairs is currently experiencing technical problems with our overseas passport and visa systems. This issue is not specific to any particular country, citizenship document, or visa category. We apologize for the inconvenience and are working urgently to correct the problem and restore full operability. Currently, we are unable to print most immigrant and non-immigrant visas approved after June 8, 2015. In addition, U.S. Embassies and Consulates are unable to process new applications submitted on or after June 9, 2015. Individuals with visa interview appointments scheduled for June 14-20, 2015, should reschedule their appointments if they submitted a DS-160 online application after June 9, 2015. Appointments can be rescheduled by following the instructions located on <http://www.ustraveldocs.com/au/au-niv-appointmentschedule.asp>. Individuals who submitted their DS-160 online applications prior to June 9, 2015, should plan to attend their scheduled visa interview appointments. Those with urgent travel should follow the instructions for expedited emergency appointment found on <http://www.ustraveldocs.com/au/au-niv-expeditedappointment.asp>.

This information is current to 19 June 2015 and we recommend you regularly check for updates at <http://www.ustraveldocs.com/au/> and the United States Department of State's Bureau of Consular Affairs website at <http://travel.state.gov/content/travel/english/news/technological-systems-issue.html>
